**WOOD MOULDING  
PRICE LIST AND  
ORDERING GUIDE**

**JUNE 2023**

Hello From Engelsen!

As we continue to invest in the company to better serve our customers' needs in the future, we are excited to announce a handful of exciting changes this year, including but not limited to: a flat rate shipping program, a simplified pricing program, and a new sales ordering system. All of which are outlined in this price book.

### **Flat Rate / Free Shipping**

We are very excited to announce a flat rate shipping program that will eliminate any and all guesswork our customers have when ordering. Effective immediately, all standard sized shipping (under 48" box length) with total order value over \$150, will ship for **FREE**. All orders under \$150 with less than 48" box length, will ship for a flat rate of only **\$9.95**. Oversized boxes exceeding 48 inches in length will be subject to an additional \$20 oversize fee. You can find more information and details on page 4.

### **Simplified Pricing**

Effective immediately, our new simplified pricing program will allow our customers to apply their current discounts to all moulding product lines that Engelsen carries. Prior to this change, the 4000 series, 5000 series, M series, 8000 series, and 9000 series products were "net pricing" to which discounts did not apply.

### **Discounts**

With our Simplified Pricing mentioned above, you can now apply your current discount percentage to all products. Existing discount percentages are grandfathered in until 2024, at which time your discount will correspond to the annual sales volume you conduct with Engelsen. This means the more you do business with us, the more you save!

### **New Order System**

Our Customer Service Representatives will be using a new sales order system. This is the first step for our company to provide future benefits such as online account management, online payments, and eventually online ordering. We ask for your patience as we transition to this new system!

We are very excited about the future of Engelsen, and your partnership with us. With the above changes along with a handful of new product lines coming very soon, we look forward to becoming a larger part of your business plan. We thank you for your business and appreciate your support as we continually try to improve the products and services we can provide.

With kind regards,

The Engelsen Team

# General Information

## Personalized Customer Service

There are several easy and efficient ways to do business with Engelsen:

- Call a friendly and experienced customer service representative at 727-581-0100.
- Email us at support@engelsenframe.com.
- Fax Orders to 727-581-0600.
- For after business hours ordering, email or voicemail is preferred.

## New Account Registration

To open an Engelsen Account, you must have:

- A resale tax ID number.
- A local business license, if required.

## Terms & Credit

- An open account may be established by submitting the credit application. Forms are available on our website or by contacting a Sale Representative or our Customer Service team.
- Please allow two weeks for credit approval. Initial orders can be pre-paid with a credit card.
- We always accept Visa, Mastercard, and American Express credit card payments.
- Approved standard credit terms are Net 30 days from the Invoice date.
- A late fee will be applied to all past due balances.
- Our terms of 2%/20 net 30 will only apply if the payment is *received* within 20 days of the invoice date.
- If Terms Account does not stay current, a credit card will be required for future orders.

## General Ordering Information

- Chop orders received prior to 12pm noon EST will be shipped same day.
- Length orders received prior to 12pm noon EST will be shipped same day or next day depending on the order size.
- You can place orders via phone, email or fax. Online ordering coming soon!
- No minimum requirement for shipping orders, however a \$5.00 handling fee will be applied to the invoices less than \$30.
- We ship all orders in the most efficient and economical way possible via UPS or FedEx.
- For straight cut chop orders, the customer is responsible for adding length to the order to ensure it can be cut to the desired frame size. We will straight cut to the specific dimensions requested and **will not add** additional length. We recommend you add a minimum of 2 times the moulding width plus 2 additional inches to the desired frame size when ordering straight cuts. Straight cuts will be charged at chop price for the required footage of the requested measurements.
- We pride ourselves in quick turnaround times. Due to this if you add on to your initial order, we cannot guarantee the two parts will ship together. If the initial part of the order is already too far into production they will ship separately and shipping charges will apply to both parts of the order. To ensure that everything you need ships together, you will need to place the complete order at the same time.

# General Information

## Special Instructions & Requests

- We will cut non-floater frames with an industry standard 1/8" allowance, unless otherwise specified.
- When ordering floater frames, you must include the float gap to your measurements.
- When ordering a liner, please give us the exact measurements of the liner and then order the outer frame to fit the liner.
- When ordering stacked frames, start with the inner most frame using the precise artwork dimensions and then order the additional frames to fit the first.
- When ordering length moulding, it is always most economical to provide cutting instructions for shipping. Our customer service representatives cannot suggest cutting instructions for your length orders.
- Length order cutting instructions can only be given in 12 inch increments. For example, "4' , 4', and balance", "5' & balance", etc. If you do require more specific cutting instructions or more than 2 cuts, a cutting fee will apply.

## New and Improved Shipping Program and Information

Standard Charges	
Order Total \$	Shipping Charge
\$150 and Up	FREE
Less than \$150	\$9.95

Additional Oversized Charges	
Package Length	Additional Shipping Charge
Less than 48"	FREE
48" - 80"	\$20.00
80" & Up	Call for Quote

- *PLEASE NOTE:* "Package Length" refers to the dimension of the shipping box, not the frame moulding itself. For example, if the moulding is 50" in length, including the miter cut, the overall packaging length will be approximately 54" long. We will always do our very best to keep the shipping box under 48" while still packing the product securely.
- For large quantity length orders, please call or email for allowance on freight shipping. Please also allow extra time for proper packaging.
- Expedited shipping can be requested, however expedited charges are the responsibility of the customer.
- We will always try to ship the order from the closest warehouse to you, however if stock is not available we will call to get approval to ship from another location prior to shipping.
- Shipping charges will apply to each order placed, even if they are placed on the same day. The only way to ensure your entire order ships together and qualifies for one shipping charge is by placing the entire order at one time. Please see the bottom of page 3 for more details.
- All UPS COD shipments do not qualify for flat rate shipping.

# General Information

## Return & Cancellation

- We take extreme care in packaging your orders, however, occasionally an order will be damaged in shipping. Please inspect boxes for damage upon arrival and have UPS or FedEx driver note any damages. Contact a customer service representative immediately if product is damaged upon arrival.
- Upon receipt of all goods:
  - Inspect product for correct size, moulding number, quantity and any imperfections.
  - All imperfections or issues MUST be reported prior to any alterations.
- The following are NOT eligible for a refund, credit or replacement:
  - Orders invoiced over 30 days.
  - Chops that have been joined, fitted, or altered.
  - Lengths that have been cut, joined, fitted or altered.
  - Incorrect sizes ordered.
- All returns must be approved and scheduled with our customer service team.
- We will often request photos of damage or imperfections of products received. These photos are used for training purposes as well as filing claims with shipping carriers if the damage was caused in shipping.
- When we request an item to be sent back, we will send you a return label. We are not responsible for any charges incurred on returns that were not approved prior to being sent back.
- If an order is cancelled prior to cutting and packaging, there is no cancellation charge.
- If any order is cancelled after cutting or packaging, there will be a 30% restocking fee.
- If an order is cancelled after it has been shipped or delivered, a 30% restocking fee will be charged in addition to all shipping or delivery charges incurred.
- Orders for joined frames cannot be cancelled if the frame has already been joined.

## Discounts

The following table outlines our new Loyalty Program starting in 2024. All current discounts will be honored through the end of 2023. Starting in 2024, the following discount structure will be implemented based on your annual spending amount in 2023.

2023-2024 Tiered Loyalty Program		
Yearly Spend	Length	Chop
\$1,000 - \$2,499	10% Discount	0% Discount
\$2,500 - \$4,999	15% Discount	5% Discount
\$5,000 - \$9,999	20% Discount	10% Discount
\$10,000 - \$19,999	25% Discount	15% Discount
\$20,000 - \$49,999	30% Discount	20% Discount

# General Information

## Delivery Services – Florida Customers Only

- The state of Florida has access to Engelsen Delivery Services.
- Minimum delivery order is \$75.00. If your order is less than \$75, a \$9.95 delivery charge will apply.
- Joined frames are available to our Florida delivery customers. For large joined frame orders, please allow us 2-4 day prior to delivery (Please see delivery schedule below).
- For more specific details on your delivery day and time please contact our customer service team.
- Returns cannot be sent back with delivery drivers unless approved and scheduled with our customer service team.

Weekly Delivery Schedule		
Route Location	Delivery Day(s)	ALL Order Deadline
Tampa, St. Pete, Clearwater	Wednesday	12pm Noon EST Tuesday
Jacksonville, East Coast to Vero Beach	Wednesday - Thursday	12 pm Noon EST Tuesday
Miami, East Coast to Stuart	Wednesday - Thursday	12pm Noon EST Tuesday
Naples, West Coast to Bradenton	Thursday	12pm Noon EST Wednesday
Tampa & Orlando	Friday	12pm Noon EST Thursday

# Wood Moulding

## Reframing How We Do Business

We know better than anyone that a different frame can change your entire outlook. On a favorite photograph. Or a well-loved painting. Even on a long-standing, beloved business that's gathered a little dust around the edges over the years.

When we took ownership of Engelsen Frame & Moulding in 2022, we knew two things for sure: 1) there was massive potential here, and 2) a new outlook was needed to bring it to life.

So we got to work preserving the best parts of the business (like unbeatable product quality and selection and the loyal staff who've been here for decades) while working to upgrade the rest (like making shopping and ordering easy peasy).

Today, we pride ourselves on being a small, efficient shop defined by a best-of-both-worlds balance, offering the same quality and selection as competitors many times our size, without losing the personal touch that makes us *us*. Here's what we mean.

### Call Us Rebels, But We Like Talking to Our Customers

Does anyone actually enjoy dealing with chat bots, confusing contact forms, or 800-numbers that connect to call centers in who-knows-where? We sure don't. And it's definitely not the experience we want to offer the people who matter most to us: our customers.

So we don't. Simple as that. We have one headquarters and one phone number. When you reach out to us — from wherever you are in the world — you get us. Because our customers, from picture frame shops buying in bulk down to individual designers on the hunt for something special, are way too important to get an automated response or someone reading off a script.

And why would we *ever* outsource our customer service to a third-party (be it robot or real person), when for us, that's the good stuff? We see each customer interaction as an opportunity to get to know the people we serve — who they are, what they need, today, and into the future. Is it old-fashioned? Maybe. Does it work? More than 50 years in business says it does.

### And Let Tech Take Care of the Logistics

But that doesn't mean we're against automation or time-saving tech. We're just choosy about how and where we will use it. We save our automation for the back end stuff, so we can eventually offer an Amazon-like efficiency when it comes to ordering and shipping, while doubling down on the personalized experience that sets a family-run business apart from the mega-brands.

But don't take our word for it. Reach out to us to see for yourself what's the same (awesome products, great prices, expert staff) and what's new (top-notch personal attention and super speedy service) and what's coming soon (new website with online ordering). We have big plans and we are excited about the future. We look forward to serving you!
